

Dear Manager,

I'd like to request that you bring Sipp Sparkling Organics into your location(s).

Sipp is all-natural, made with 100% organic ingredients, caffeine-free, kosher certified, with no preservatives and nothing artificial. Lightly carbonated and lightly sweetened, Sipp is a "healthier" and sophisticated alternative to traditional soda. Visit [www.haveasipp.com](http://www.haveasipp.com) for more information.

Already sold in many Whole Foods, Food Emporiums, Fairways, Mrs. Greens, Balducci's, Bevmo!, Central Markets, Mollie Stone's, Bristol Farms, and more, Sipp is rapidly growing and popping up in many small and large natural food market chains, cafes, hotels, and wine & liquor stores across the country.

For a list of distributors delivering Sipp and for ordering information: Contact [hello@haveasipp.com](mailto:hello@haveasipp.com) or call 610-827-9900.

Thank you for your time and for considering my request!

Sincerely,

**Sipp**<sup>®</sup>
